safety revolution

delivering peace of mind

placement student scholarship

an industry placement in ***health & safety*** on farms and estates

The placement role with Safety Revolution is ideal for students looking to develop a career with an innovative, market-leading consultancy company delivering bespoke Health & Safety advice to the Rural sector

We are a specialist Health & Safety consultancy within the rural sector and we pride ourselves on providing a bespoke service to our select and valued clients. If you want to build a rewarding career influencing culture and improving wellbeing in some of the country's leading farms and rural estates, an attractive salary and great career prospects await you. With the Safety Revolution industry placement, you will be placed at the heart of the company, shadowing consultants out on the road and learning the day to day ropes of risk management in a wide range of agricultural environments.

placement student scholarship

US: Safety Revolution are specialist H&S consultants to farms, estates and agri-business. We provide bespoke services including full H&S, Training and Human Resources.

YOU: are conscientious, able to adapt to different audiences, diligent, with confident spoken and written communication skills and an interest in helping people operate safely and influencing behaviours positively.

WHAT: you will work as part of our team, with a mixture of office time and travelling nationwide to visit clients on farms and estates, learning how we design and deliver our unique health and safety, training and HR services. We will provide you with ongoing support and mentoring as you get to grips with aspects of the role such as conducting audits, drafting risk assessments, reviewing accident reports, communicating safety messages to clients and colleagues, and delivering proactive reports.

BASED IN: Witney, West Oxfordshire, with flexible countrywide travel.

WE'D LIKE: a highly motivated and ambitious individual who is driven to succeed in the rural sector.

YOU'LL LIKE: technical and personal development opportunities which will equip you with the experience to apply for a position as a graduate health & safety consultant with Safety Revolution, where you will grow your fantastic career, improving wellbeing and influencing culture in rural businesses.

You will be supported by experienced mentors and colleagues; immersed in an exciting, varied sector; and spend working time in the environment you love. A competitive salary of £16K and assistance with accommodation.

In addition to the advertised salary, a £6000 scholarship will be awarded to each placement student.
